HANSEN GROMELLE EATON ISO 16028 FLAT FACE COUPLINGS

The FF series ISO 16028 Flat Face coupling design has a top performing pressure rating of 400 bar for static, steady or non-pulsed applications and 350 bar for ISO pressure rating/dynamic application with moderate hydraulic shocks.

The new advanced coupling offers top performing flow rates (up to 74% higher flows compared to previous versions).

We stock connection sizes 1/4" inch to 1" BSP and 7/8" & 1-1/16" UNO.

For any *Quick Release Coupling* inquiry you have please do not hesitate to contact us at B. J. Inns Pty Ltd.
